AFFIDAVIT

I, Patrick J. Wright, being duly sworn, state the following information to be true to the best of my knowledge and belief:

1. I am currently assigned to the Nashville Resident Agency of the Memphis Division. That has been my assignment for approximately the last six years. As part of my duties as a Special Agent, I investigate, among other things, criminal violations relating to terrorism and other national security offenses. I have received formal training and have participated in search warrants in a variety of investigative matters. As a federal agent, I am authorized to investigate violations of laws of the United States.
2. As a result of my training, prior experience, previous cases with which I have been involved, and by working with other municipal, state, and federal agents, I have become familiar with the statutes and case law concerning crimes of violence which can be prosecuted in a court of the United States. I am currently participating in this investigation involving threats of violence against persons, which is being conducted by Special Agents, Task Force Officers of the FBI, and other federal, state, and local agents and officers.
3. The facts in this affidavit come from my personal observations, my training and experience, and information obtained from other agents, officers, and witnesses. This affidavit is intended to show merely that there is sufficient probable cause for the arrest of [REDACTED], a Juvenile [REDACTED] hereinafter ([REDACTED] years of age, and does not set forth all of my knowledge about this matter. Based on the facts set forth in this affidavit, there is probable cause to believe that violations of the following statute have been committed by [REDACTED]
 - (A) Title 18 U.S.C. § 875(c) which provides that whoever transmits in interstate or foreign commerce any communication containing any threat to

to kidnap any person or any threat to injure the person of another, shall be fined under this title or imprisoned not more than five years, or both.

4. I have received training in computer crime investigation. I also own a computer and use computers in the course of my work in law enforcement and have personal knowledge regarding the operation of computers. Based on this training, experience, and information provided to me by other law enforcement personnel involved in this investigation, I know the following:

a. The Internet is a global network which allows for the sharing of data across computers attached to the network.

b. Individual users typically access the Internet through a local Internet Service Provider ("ISP") through a modem or other connection device, such as a cable or Digital Subscriber Line ("DSL"). When accessing the Internet, the ISP will assign each user an Internet Protocol ("IP") address, a unique number used by a computer to access the Internet. IP addresses can be dynamic, meaning that the ISP assigns a different unique number to a computer every time it accesses the Internet. IP addresses can also be static, whereby the user's ISP assigns the computer a unique IP address, and that same number is used by the user every time the computer accesses the Internet.

c. Communication via the Internet can take place through many different mediums, like accessing a website, or sending and receiving electronic mail, also known and referred to herein as "e-mail." E-mail is an electronic form of communication which can contain letter-type correspondence and graphic images. E-mail is similar to conventional paper-type mail in that it is addressed from one individual to another.

d. E-mail messages usually contain a header that gives the screen name, the identity of the Internet access provider, and the return address on the Internet of the individual who originated the message or graphic.

e. Another well-known component of the Internet is the World Wide Web, or the "Web." The Web is a collection of websites located or stored on different computers throughout the world. Each website is identified by a unique Uniform Resource Locator ("URL"), which identifies the server on which the website information is stored. Users access websites by typing the corresponding URL into their web browser.

Dear Antioch High Staff,

I'm informing you about my cruel intentions so hopefully I can be stopped in time. I plan to kill every student and teacher in sight. I plan to run into the school at school at the most convenient time to me and watch the blood shed. Can you imagine the blood of students and teachers filling up the hallways? brain matter splattered everywhere? The main office? The classrooms? the cafeteria? Such a Such a beautiful site it shall be. I've been saving up a hit list for quite awhile and a and a large majority of students and teachers in the building happen to be on it. If If all goes well, it will be a Columbine or Sandy hook like massacre but far worse. worse. Nothing is more enjoyable than watching the people who have wronged me me tremble in fear. Thirty-two names are on the list that I have created. I'll succeed succeed if at least three have lost their life to my bullets. If I can't gain access into into the building, then I shall start shooting as the kids are coming out the main doors loading onto the large yellow school buses. Who knows? there might even

even be a bomb aboard a bus. Please do everything you can to stop me. I don't want to end it like this. I've been having these awful thoughts for a long period of time but the good lord has told me to do what is needed. The lives of thirty-two thirty-two are needed to be taken, maybe even more. I feel like an awful person but but this is the right thing for me to do. This life isn't worth living anymore. Ever Ever since I graduated from Antioch High in 2014 these thoughts haunt me daily. I'm in pain. I'm angry. I live in a studio apartment barely even making enough enough money to live off of and be able to pay my rent. My life has gone down hill hill and I can't take this anymore, the stress, the anxiety... I can't do it. I'm in need need of some help. I'm in need of a friend, someone that I can trust. But it's too too late for all that, no one ever helped me or talked to me when I was in need. I was always that lonely kid who didn't have any friends or who was always bullied bullied by the more popular kids. High School was a living hell for me, everyone everyone else was always happy but there I was....the one that stood out the most for bullies and harassment. I don't want and or need your pitty, I need you to help help me from harming these people. But let me tell you this, if I enter that building building or see anyone out side of school on the campus, they will be killed on site site and once that happens, it's too late for me to be stopped. Do what you can. March 31 st 2015 will go down in history.

I feel like an awful person but this is the right thing for me to do. do. This life isn't worth living anymore. Ever since I graduated from Spellman

High in 2014 these thoughts haunt me daily. I'm in pain. I'm angry. I live in a studio apartment barely even making enough live off of and be able to pay my rent. My life has gone down hill and I can't take this anymore, the stress, the anxiety... I can't do it. I'm in need of some help. I'm in need of a friend, someone someone that I can trust. But it's too late for all that, no one ever helped me or talked to me when I was in need. I was always that lonely kid who didn't have any any friends or who was always bullied by the more popular kids. High School was a was a living hell for me, everyone else was always happy but there I was....the one one that stood out the most for bullies and harassment. I don't want and or need your pitty, I need you to help me from harming these innocent people. But let me me tell you this, if I enter that building or see anyone out side of school on the campus, they will be killed on site and once that happens, it's too late for me to be stopped. Do what you can.

Sincerely,

23. We will have hydrogen bombs in 4 bathrooms, no bombs will be planted planted until the beginning, during, or after third block... I like to keep the element element of surprise. Prepare for the worst, our 2 practice threats proved you guys lack security which will allow us to cause the next nationally tragic event, we are sorry to bare this terrible news, we wish you and your students the best of luck with

with the next school slaughter, Think of this as the Purge..... The purge of Antioch. Antioch. Do what you can to stop us. Also, for Melissa DiDonato , I plan to skin you you alive.
